GENERAL MANAGER MESSAGE

Dear Members,

Time flies, and we have now stepped into November. The cool northerly winds remind us that winter is just around the corner. After a busy and enjoyable summer season, I hope you have all shared many wonderful moments with family and friends.

As we enter the final months of the year, I would like to take this opportunity to provide a few important updates and reminders regarding our marina operations and Club facilities.

Member Reminders

Vessel Documentation

Members with berthing facilities are kindly reminded to submit a valid *Vessel Operating Licence and Insurance Certificate to the Marina Office. This annual requirement helps ensure that our records remain accurate and up to date.

Vehicle Registration Updates

Members who have recently changed their vehicle are requested to provide updated vehicle registration documents so that we may renew their parking labels accordingly.

We are also currently reviewing our parking label application procedures. Details of the new arrangements, which will take effect in 2027, will be announced in due course.

MARINA & OPERATIONS

Marina Maintenance Programme

With the arrival of the quieter season, this is an ideal time for the Club to undertake essential preventive maintenance and inspection works throughout the marina. Planned works include underwater sonar inspections and structural assessments of our berthing facilities.

WR2 Inspections Completed for Jetties A & B

I am pleased to share that the WR2 inspections for Jetties A and B have recently been completed successfully.

The inspection results confirmed that both jetties remain in good condition, reflecting the ongoing efforts invested in maintaining our marina infrastructure.

Ensuring that our facilities remain safe, reliable, and well maintained continues to be one of our highest priorities. We remain committed to providing members with marina facilities that meet the highest standards of safety and quality.

Upcoming Inspections for Jetties C & D

Inspection works for Jetties C and D are scheduled to commence shortly and are expected to take approximately two to three weeks to complete.

These inspections will provide valuable information for the planning of future pile repair and maintenance programmes currently anticipated from 2027 onwards.

We will continue to keep members informed as the project progresses. Every effort will be made to minimise disruption during the works, and we sincerely appreciate your patience, understanding, and cooperation.

Our team recently kicked off essential preventive maintenance and structural assessments throughout the marina.

Electrical inspection at Berth WR2 confirms both jetties remain in good condition.

FOOD & BEVERAGE NEWS

November marks the beginning of one of Hong Kong's busiest and most festive seasons, with numerous celebrations, social gatherings, and corporate events taking place throughout the city.

Whether you are planning a:

- Private celebration
- Corporate function
- Year-end gathering
- Festive party
- Special occasion

our Food & Beverage team would be delighted to assist.

Marco and Connie, together with their team, can work closely with you to create a tailor-made menu and event package designed to suit your specific requirements.

We look forward to welcoming you and your guests to The Terrace for memorable occasions throughout the season.

Thank you for your continued support of Hong Kong Marina. On behalf of our entire team, I wish you and your families a pleasant and enjoyable November, and I look forward to seeing you around the Club.

Kind regards,

Billy Ng
